## A Message from your MAPA President.....

Happy New Year to all of you. As I reflect on what 2022 had in store for our industry, there were so many challenges, many of which we have not experienced in the past. Through those challenges there were many opportunities as well. Opportunities to push us to get better at almost everything we do so that we can provide the best and safest infrastructure for our local communities and our state. A big thank you goes out to the men and women in our industry that makes this all happen. As we look forward to 2023, I would like to encourage all of us to step back and see the big picture. What we do makes a major difference in the safety, viability, and economic progress in our state and local areas. So, whether we are talking with the public, friends, or our local/state/federal officials, we need to tell “our story” about the importance of our industry and the people that work to make our roadways safer and better. Thank you for your support of MAPA and I hope all of you have a safe and prosperous 2023.

Best Regards,  
Michael Ellis
